Wireless Network Install/Troubleshooting

You can get a wireless connection in Mc Donalds, Your Local Coffee Shop, Airport Lounge so why not have all the latest technology in your home

For Windows Vista, XP, Linux (This is an onsite service)

Do you have two or more Computers in your home or business?. If so we can provide an on-site service to take care of your wireless needs be it 2 machines or 50 you have come to the right place. Here at PCAAMoraira our engineers have extensive knowledge of wireless equipment enabling you to share Video, Music, Photos, Files and folders, Print wirelessly from your laptop in your home or even surf the web from your garden. With all this shared information it is important that your network is protected and encrypted to the latest industry standards to protect your privacy.

Virus & Spyware Removal

For Windows Vista, XP, Linux (Onsite Service & Collect & Return Available)

Is your computer not performing the way you want it to - Erratic behaviour, General Performance Issues, Random Crashes, Internet down, Email not working, The headache of Pop-Ups?

Virus, Spyware, Trojan, Web Browser Hijackers have become an endemic issue to the computer user today

You have come to their right place. Here at PCAAMoraira we combine the latest industry software with our expert hands on knowledge to remove the latest treats from your machine. We are highly

skilled and have hundreds of man-hours dealing and removing the problems without any treat to your personal data, Photos, Music, Documents etc

As part of the cleansing process all machines are given a full system service to get it running at its maximum speed making it more responsive and less likely to have issue down the road

Full Service

For Windows Vista, XP, Linux (Onsite Service & Collect & Return Available)

Thinking of buying a new PC because your old one has nearly ground to a halt?...you might not need too!. How would your car run if it wasn't serviced in 2 years. In these recessionary times it makes sense to get the best out of you old equipment. Here at PCAAMoraira we pride ourselves in our ability to implement a full system service which will ensure your PC performance is maximised and running efficiently. Your technician will install all critical updates, enable all firewall/spyware/anti-virus software, free up your hard drive to optimise space and adjust internet browser security to suit your needs. The end result is your PC is running like it just came of the shelf.

Gaming, Digital Device & PC setup Package

For Windows Vista, XP, Linux (Onsite Service & Collect & Return Available)

Are you an avid gamer or just want your MP3 player connected to your PC?. We specialise in peripheral installations from printers, scanners, cameras to Ipods, creative zens and mobile phones. We will call to you in the comfort of your own home and set up any of the above at a very competitive rate plus advise you on how to navigate around your newly configured item.

Software Installation

For Windows Vista, XP, Linux (Onsite Service & Collect & Return Available)

Are you finding it difficult to install, configure or remove some applications on your PC ?, let PCAAMoraira help you by remote assistance or an on-site visit to you at your convenience. We can resolve any software installation issues you may experience.

Data Transfer & Backup

For Windows Vista, XP, Linux (Onsite Service & Collect & Return Available)

When you decide enough is enough and upgrade to a Desktop or Laptop give us a call here at PCAAMoraira and we will transfer all you user accounts, settings, files and folders to your new machine seamlessly to minimise disruption

You can rest assured all your data is treated with the utmost of confidentiality We also do Disaster Recovery for those unfortunate users that don't have any current backups and think they might have lost vital information. Don't panic if your computer has crashed turn it off and speak with us to arrange data recovery operation

System Tune up Services

For Windows Vista, XP, Linux (Onsite Service & Collect & Return Available)

Some people forget that like cars PC's also need a full service to maintain maximum performance. Without this you will notice your computer getting slower when accessing files & folders and processes seem to take forever. Why not avail of our quick tune-up service which will increase your windows start up speed, maximise your internet speed allowing faster internet browsing and as a result of our tune up service quicker access to files & folders.

Don't forget the better you maintain your PC the less likely it is to crash.
